

# AI-Power Nutrition Analyzer for Fitness Enthusiasts

## Project Design Phase-II

### Data Flow Diagrams

Date	14/october/2022
Team Id	PNT2022TMID50641
Project Name	AI-Power Nutrition Analyzer for Fitness Enthusiasts
Maximum Marks	4 marks

- The user interacts with the UI (User Interface) and give the image as input.
- Then the input image is then pass to our flask application,
- And finally with the help of the model which we build we will classify the result and showcase it on the UI.
